

KATE MANNE WAS DUBBED 'THE PHILOSOPHER OF #METOO'

for her timely and widely read analysis of misogyny in *Down Girl: The Logic of Misogyny* (2017) and her treatment of male entitlement in her most recent book *Entitled: How Male Privilege Hurts Women* (2020).

Manne regularly writes opinion pieces, essays, and reviews on moral and political topics—in venues including *The New York Times*, *The Boston Review*, the *Huffington Post*, *The Chronicle of Higher Education*, and the *Times Literary Supplement*. Manne's address begins with the question:

WHAT ARE THE UNDERLYING CAUSES OF MISOGYNY?

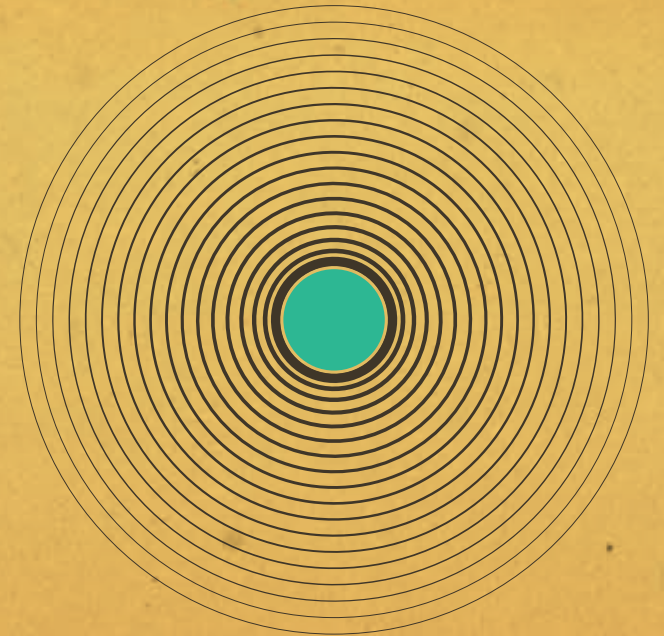

In many cases, she argues, it stems from a wrongheaded sense of moral entitlement to a woman's sexual, emotional, reproductive, and material labor.
